Greetings,

We've attached the agenda for our meeting on Wednesday January 30th at Watkins Glen Raceway.

If you would like to attend a side bar please let us know in advance so we can prepared for you to participate.

If you would like to schedule a sidebar please send us your suggestion and we will do our best to accommodate you.

We will be supplying lunch If anyone has dietary restrictions please send them to me ASAP.

I've heard from several of you that you might be bringing additional members of you departments. Please share their information with me now to allow us time to prepare supplies and have enough food and beverages available

Please enter through Gate 2 where a guard will be at the entrance to check you in and give you directions to the Media Center.

Please arrive prior to our scheduled start time of 10am and sign in as you enter. This is informal seating so make yourselves comfortable

Best,  
Jim

**Jim Tobin**

Good afternoon Ms. Leuzinger,

Following up on correspondence between yourself and Kristin VanHorn, Planning Director for Schuyler County, I am writing to request that the County be provided with a Surety Bond in the amount of one million dollars. This bond is being requested to be applied to the upcoming music event at Watkins Glen International (Woodstock 50, August 2019) to comply with the County's Mass Gathering Permit conditions. We are requesting an increased amount beyond the minimum specified in the local law (attached) due to the anticipated large scale of the event as currently proposed. Please feel free to contact me with questions or should you need additional information.

Thank you in advance for your assistance in this matter.

TO

Tim O'Hearn  
Schuyler County Administrator  
607-535-8106

**Subject:** RE: Bond for Mass Gathering (August event)

I think a written request from the County of Schuyler is what we'd need ... It would need to indicate **the purpose for the bond** (Mass Gathering Permit for outdoor music festival to be held Aug ##-##, 2019), the **amount of the bond** as well as confirming the Obligee name and address (County of Schuyler) ... and it probably wouldn't hurt to **attach a copy of the Law/Ordinance** that requires such a permit/bond (on the current bond it refers to *Local Law No. 4 of the year 2010* titled *Public Entertainment (Outdoor) Regulation/Licensing*)

Your assistance is most appreciated!

**Cc:** Wagoner, Nicolette; Wood, Angela  
**Subject:** Shuttle Service for Woodstock 50

Good morning, Amber,  
Nicolette and I had a meeting with Vinnie Azzarelli of the new county administration. Vinnie said he is trying to set up camping at the Chemung County fairgrounds during the Woodstock 50 Festival from August 16-18. He asked if C TRAN would be able to run a shuttle from the fairgrounds to WGI. I assume he is thinking of a continuous loop, but I don't know what hours make sense.

We might be able to run a shuttle as "regular" C TRAN service or First Transit might provide vehicles and do it as community service. Have there been any discussions to have Schuyler Transit run a shuttle for the event? If yes, we would be happy to coordinate with you and discuss potential needs. Thanks.

**From:** Chedzoy Brett <bchedzoy@yahoo.com>  
**Sent:** Monday, January 14, 2019 2:39 PM  
**To:** Phil Barnes; Tim O'Hearn  
**Subject:** Woodstock 50

Phil & Tim,

It's exciting that WG will host the Woodstock 50 festival and I plan to be there for some of it. That said, it would be nice if county or at least town of Dix residents received some direct benefit from these types of events to compensate them for the nuisance issues like traffic, roadside litter, etc. The next time that the county is negotiating with a group like this, please consider asking for some additional concessions like a payment to the town to help with road improvements or something of the sort. Of course, free or discounted tickets would also be a nice gesture (like the Grassroots festival does for the residents of Trumansburg).

I understand that these events help WGI, local businesses and out county tax coffers. But for residents - especially those on the main roads to WGI there are a lot of issues to deal with and not much benefit. -- Brett

Thanks Tim... All good news for Woodstock 50.

See you sometime in the spring - after all that cold/snow stuff is over...

Best,

Michael

On Sat, Jan 12, 2019 at 11:18 AM Tim O'Hearn <[TOHearn@co.schuyler.ny.us](mailto:TOHearn@co.schuyler.ny.us)> wrote:

Hi Michael,

Storm stayed to the south, it's just cold here right now. In response to your questions:

1. The new sewer plant won't be on line in August, probably closer to December at this point. WGI did receive state funding however, to construct a 1 million gallon holding tank to alleviate the pressure past events have placed on Village plant. Additionally, in response to last years cancellation of Phish, WGI has expanded their water infrastructure already and has the ability to be self sustaining should there ever be another disruption of water service.
2. The NASCAR race regularly attracts crowds in excess of 100,000 and WGI has a proven track record (no pun intended) and extensive experience of handling large gatherings in an exceptional fashion.
3. Permitting will take a dual track. Besides the County Mass Gathering Permit, NYS DOH must also issue numerous permits relative to mass gatherings. Water, sewer, fire, emergency medical and law enforcement/security plans must all be submitted and approved. We are in the early process of gathering the necessary information from WGI, who will be the permit applicant. Both the promoter and WGI are well versed in this area and we expect that there will be no compliance issues. The attendance limit will be set based on what the infrastructure can safely support.

Enjoy the California sunshine!

**To:** Tim O'Hearn  
**Subject:** Woodstock 50 & the new sewer plant

TIM:

First off, Happy New Year. As I write this, a winter storm is barreling down in your direction - which I hope doesn't turn out to be nearly as bad as some of the predictions. I'm in California until later this spring hoping for rain & snow to fill the reservoirs.

I have a couple of questions about the Woodstock 50 event in August. It sounds like an event not to be missed. And I did read your comments about the event in the Odessa File.

I've received a few emails read published concerns from people about the ability of the Racetrack to handle 100,000 people for three days. I know that number is just a guesstimate. But given the interest already shown as far away as here in San Francisco, well, get your tickets early.

#### QUESTIONS:

- Is there any chance the new sewer plant be on line?
- Has WGI racetrack ever had that many people at an event?
- What is the timeline for the permit to be considered and approved?

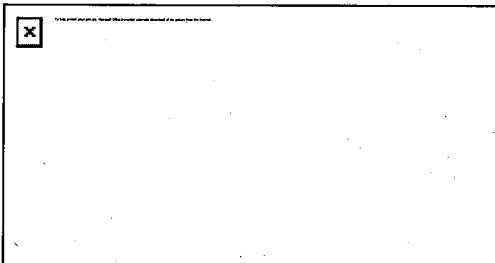

Thanks for any help. And if it's easier, we can chat on the phone at your convenience.

Best,

Michael

Great, thanks!

What do you think about suggesting to ML that consideration be given to setting aside a block of tickets, no more than a thousand, that would be reserved for local / regional sale. Not comp's – full price tickets but without camping. It could be a good PR move in the event that the locals (who will undoubtedly be inconvenienced in some way), aren't able to even attend event. If you're interested I can expand on my thoughts on this.....

So far, I am hearing more positive than negative BTW

**Subject:** Block Woodstock 50th

Dear Chairman,

I urge you and county legislators to block Watkins Glen International from hosting the 50th anniversary of Woodstock in our area. I was unfortunate enough to attend the last one in 1999, and it resulted in riots, rape, violence and a number of large fires. People were terrified and injured, and the town was covered in litter and damage. It felt like a warzone. I really do not wish to see this happen again just a few miles down the road from my house.

Just to be clear, I am not a curmudgeon and I am not trying to protest against our country's youth from having their own politically-driven festivals, however, due to the touchy social climate this country is experiencing currently, from what I saw in 1999 and because I doubt very much that our county possesses the police, fire, and paramedic resources to handle such an event, I do not have optimism that this festival will bring peace and love.

The damage it could potentially bring to Watkins Glen and surrounding areas will outweigh any economic boost it may provide.

If there is an effective method that I may bring this up to the county, whether it is creating a petition, or some other way, please let me know.

Thank you,

Daniel Warwick  
Town of Orange, Schuyler County

**Subject:** 50th Woodstock Anniversary

Mr. O'Hearn,

With the announcement of your County being chosen as the site for the Woodstock event, I felt compelled to reach out to you.

I was the Public Health Director in Oneida County that had to issue the mass gathering permit for Woodstock 1999 and oversee compliance with the regulations. All I can say is that you cannot imagine until you have experienced the event what a "nightmare" it can be no matter how well you think you have covered your bases. The Ulster County PHD briefed us in a planning meeting prior to the event and on the side told me that I would not understand what he was trying to convey until after the event. Truer words were never spoken.

Many years have passed since I have been involved with Public Health, the mass gathering regulations and what entity will issue permit and enforce compliance, however the way Woodstock organization thinks and operates may not have changed much. They do like to go to locations where officials are less knowing of how they operate. I suspect that there may not be any State DOH staff who experienced the past events with the State anymore. The impact on your County can be significant, positively and otherwise.

Anyway, I wanted to let you know if you are interested in first-hand official insights of hosting, I am happy to share. My Environmental Health Director at that time I expect would too.

Please feel free to contact me.

Best Regards,  
Connie

All

I received a call from the DEC inspector this morning. News is out on the concert and we WILL be on the radar. I explained that NO porta potty waste will be allowed to come to the plant(their concern also) and the strategies that were used last year during NASCAR will be used for this, with the exception that due to the amount of people, the wastewater plant also will be manned 24 hours per day. A meeting is needed with WGI to let them know we will be watched by the DEC for permit violations.

regards  
Terry Wilcox

We should charge WGI for the overtime to cover, even though it is likely we need a better staffing plan soon.

Woodstock 50 Music Festival Coming To  
Watkins Glen In August - [jambase.com](http://jambase.com)

[www.jambase.com](http://www.jambase.com)

The Woodstock 50 music festival will be held on the fields  
surrounding Watkins Glen International race track in Watkins

---

---

Glen, New York August 16 – 18. Michael Lang, who co-created the original ...

---

Watkins Glen International hosted the Summer Jam in 1973 featuring The Allman Brothers Band, The Band and the Grateful Dead. More recently, Phish held Super Ball in 2011 and Magnaball in 2015 at the site. The band was set to throw their Curveball Festival at Watkins Glen last summer, but needed to cancel due to issues with the water supply. Lang said he will bring in his own water supply to avoid such a problem. "At Woodstock '94 [in Saugerties, New York] we had a different sort of water issue since the town didn't have a big enough reservoir," the promoter explained to Rolling Stone. "We had to put up two 1 million gallon temporary tanks and filled them over the time. That's the solution we're going to use this time to make sure the water is potable."

In lieu of the email below to the Chairman, should we consider relocating our meeting to the upstairs courtroom Monday night? I've heard that we may have people attending upset with the Clute Park article and now that this is out publicly, we may have an even larger crowd. Please let me know and I'll see if it is available. With us being wireless now, it shouldn't take much to set up.

I will also be forwarding the below email to all Legislators as it was sent to the Legislature account in which only Jamee and I access.

Thank you,

*Stacy*

**Subject:** Block Woodstock 50th

Dear Chairman,

I urge you and county legislators to block Watkins Glen International from hosting the 50th anniversary of Woodstock in our area. I was unfortunate enough to attend the last one in 1999, and it resulted in riots, rape, violence and a number of large fires. People were terrified and injured, and the town was covered in litter and damage. It felt like a warzone. I really do not wish to see this happen again just a few miles down the road from my house.

Just to be clear, I am not a curmudgeon and I am not trying to protest against our country's youth from having their own politically-driven festivals, however, due to the touchy social climate this country is experiencing currently, from what I saw in 1999 and because I doubt very much that our county possesses the police, fire, and paramedic resources to handle such an event, I do not have optimism that this festival will bring peace and love.

The damage it could potentially bring to Watkins Glen and surrounding areas will outweigh any economic boost it may provide.

If there is an effective method that I may bring this up to the county, whether it is creating a petition, or some other way, please let me know.

Thank you,

Daniel Warwick  
Town of Orange, Schuyler County

Hello Mr. O'Hearn,

I recently read an article about your discussions with the Woodstock 50<sup>th</sup> Anniversary organizers. Per chance, I wanted to know if you could provide the email and or phone number of the promoter you have been having talks with? I am a producer with a multi-media company and we are very interested in fostering discussions with their marketing and organizing committees.

I am hoping this works out for our company as I was a frequent visitor to Watkins Glen as a kid. My brother was a NY State Trooper for years, now retired, and the Finger Lakes region was one of my favorite destinations.

My sincere thanks for your time in advance.

Gentlemen,

We have updated our traffic plan in response to comments from the Sheriffs dept. and County.

There is an error on page 5. The image isn't large enough and doesn't show Meads Hill Road. The traffic shown entering on Bronson Hill Road in the middle of the site should be entering the site on Meads Hill Road as illustrated on page 4. Greg will fix this on Monday and get it back out to everyone on copy.

I would like to set up a series of calls and online meetings beginning next week. With regularly scheduled meetings moving forward.

Hopefully everyone can make a conference call this Tuesday at 4pm eastern. We will send out an invite on Monday with the updated traffic map.

We will also set up an online meeting for Friday at 4pm eastern. Greg will walk everyone through the current plan and we will address concerns.

I would like to suggest our 1st in person meeting on January 30th. This is a large group and it may be difficult for everyone to make the in person meeting. Please let me know if this can't work for you and we will do our best to accommodate everyone.

The below attached pdf. illustrates the estimated typical peak hour volumes on the local roads. The data was compiled from NYSDOT's traffic data viewer website which provides historic counts at various locations within their system. The volumes were estimated from the average daily volume map

that NYSDOT provides. We took 10% of the daily volumes to estimate the peak hours, which is a typical methodology when hourly data is not available.

Best,  
Jim

Thanks Jim,,,

I met with the state police captain last week and I have also spoke to Albany with a few of the governors team.

I have also spoken with dept of health and timeliness of the mass gathering and more info/procedures on water buffalo testing was his only two concerns. They can both easily be addressed.

Thank you

Michael

Thanks Jim,

This is a good start, but I think we need a lot more information providing details from the draft. A critical piece is the traffic control plan to tie the data you provided together. The other big piece, as you are aware, is the public health component. In case not everyone has received, I am attaching the mass gathering local law which hopefully can be used as a checklist as we move forward. I would also suggest we that start meeting on a regular schedule to better prepare for event.

Take care,

**Subject:** WGI Traffic Draft V1

Gentlemen,

Please find the 1st draft of the traffic plan attached. I look forward to your feedback and am available over the weekend if you would like to discuss any pieces of the traffic plan.

Please note that this report doesn't show traffic on Meads Hills road but we will have 5,000 plus campsites off entrance 1A (area 12).

Best,  
Jim
